Tracy, Calif. (July 7, 2009) – Petz Enterprises, Inc. (PEI), makers of the CrossLink suite of tax software solutions and services designed for high-volume retail tax professionals, today announced support for Topaz SigLite electronic signature pads for use with CrossLink Multi-site Online.

“Support of electronic signature pads for CrossLink Multi-site Online is representative of our long history of providing professional tax preparers with the tools they need to efficiently process client tax returns,” stated Charles Petz, CPA, Vice President of Tax Software Development. Petz continued, “Now both our high-volume desktop users of CrossLink 1040 and the users of CrossLink Multi-site Online can both benefit from the time savings and efficiency improvements of the Topaz electronic signature pads.”
