**PETZ ENTERPRISES, INC. (PEI) ANNOUNCES AVAILABILITY OF ANDROID
APPLICATION FOR CUSTOMERS OF THE CROSSLINK SUITE OF
PROFESSIONAL TAX SOFTWARE SOLUTIONS**

Tracy, Calif. (September 27, 2011) – Petz Enterprises, Inc. (PEI), makers of the CrossLink suite of professional tax software solutions and services for high-volume retail tax offices, today announced the launch of the CrossLink Android application. This mobile application will enable CrossLink customers with Android smartphones to manage their professional tax offices no matter where they are.

“CrossLink customers can now manage their tax office operations directly from their Android smartphones and iPhones,” stated Charles Petz, CPA, Chief Financial Officer for Petz Enterprises, Inc. “We launched our first app for the iPhone last year with great success and we are thrilled to make this technology available to our customers who have Android based smartphones.”

Using the CrossLink Android application, CrossLink customers are able to view real-time reports to monitor both financial activity and employee productivity. Users of the application can also set up office billing schedules and employee logins, as well as shut down an office at any time.

“No other tax software provider in the industry gives me the tools to manage my high-volume tax business like CrossLink does,” commented Rafael Alvarez, President and CEO of ATAX Franchise, Inc. Alvarez continued, “The ability to access real-time reports, track activity by location and preparer, and get industry updates for my business all on my smartphone, no matter where I am, significantly improves the speed and efficiency with which I can manage my business.”

The CrossLink application for Android is available now through the Android Market.

“The CrossLink Android application expands the mobile tools CrossLink customers have available to them to save time and improve the efficiency of their professional tax preparation businesses,” Petz said in closing.
